### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: With regards to claim 1, the prior art of record does not disclose or fairly teach a quarter wavelength matching sections in the microstrip transmission line. With regards to claim 2, the prior art of record does not disclose or fairly teach an open circuited stub, and a quarter wavelength matching section in the microstrip transmission line. With regards to claim 3, the prior art of record does not disclose or fairly teach a short circuited stub using a via, and a quarter wavelength matching section in the microstrip transmission line. With regards to claim 4, the prior art of record does not disclose or fairly teach the aperture having a C-shape. With regards to claim 5, the prior art does not disclose or fairly teach at least one conducting ridge inside the waveguide channel; an end of the ridge being electrically coupled with the pound plane; and a second ridge, wherein a projection of a gap between the ridges on the ground plane, is transverse to the microstrip line. With regards to claim 6, the prior art does not disclose or fairly teach a single finite length, rectangular cross-sectional conducting ridge inside the waveguide channel, such that the ridge is electrically coupled to the waveguide periphery, the end of the ridge is electrically coupled with the ground plane at the end of the waveguide channel, and the ridge provides a gap between itself and the waveguide periphery; an aperture in the ground plane section circumscribed by the waveguide periphery and ridge coupling with the ground plane; and wherein a projection of the gap between the ridge and the waveguide periphery on the ground plane, is transverse to the microstrip transmission line.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
